

BIG MILL IS BURNED

At East Tawas Yesterday, Involving a Loss

OF MANY THOUSAND DOLLARS

Inflicting a Great Calamity on the City and Depriving 150 Men of Opportunities to Win Bread.

EAST TAWAS, Mich., June 13.—The Improvement company's mill, better known as the Bearinger mill, caught fire at 7:10 a. m. and burned to the ground. It was valued at \$125,000, and was insured for \$100,000. The origin of the fire is unknown, as no fire had been in the mill for two weeks. Canadian rafts were expected this week, when the mill would run night and day. Over 150 men are out of employment. Hardly a greater calamity could have befallen us. Emory's mill yard had a narrow escape.

WHICH IS THE BIGGER.
The Legislature or the Houghton County Supervisors?

LANSING, Mich., June 13.—Attorney Thomas L. Chabourn of Houghton arrived here today and attempted to file with the secretary of state a document containing proceedings of the Houghton county supervisors in the matter of dividing the county into legislative districts. The legislative secretaryman sided off a portion of this county and attached it to another territory in making up a legislative district. The supervisors have ignored the action of the law-making body and have treated the shoddy portion as still a part of the county, legislatively speaking. The secretary of state refused to receive and file the document. Mr. Chabourn will at once proceed to get from the supreme court an order to show cause why a mandamus should not issue. The question as to which is the bigger, the legislature or the Houghton county board of supervisors, will then be settled.

LOVED INTENSELY.
But Not Over Wisely—A City Charge Now.

ADRIAN, Mich., June 13.—It has just been learned here that Mrs. Nettie Packard of Columbus, O., is now receiving aid from the poor commission of that city, having been deserted by her husband. She was born here and was a student at Adrian college. About three years ago she was married to Thomas Packard, a railroad man, against the wishes of her parents, who are in comfortable circumstances. Packard deserted her about four months ago, and since then she has earned her own living. Being in a delicate condition, she is now unable to support herself and was admitted to the county infirmary.

The place was a thick piece of woods and Miss Rogers struggled and fought with her brutal assailant for ten minutes before being able to break away. Her clothes were all torn and she was badly hurt. She was taken to a neighboring farm house. Wicks was captured after a long chase.

The mayor looked the track over this morning, ordered further work stopped, and called out the fire department to see that his orders were obeyed. Notice was given the company that the track must be moved from the street immediately or the city would do the job. Company A, First regiment, has been notified to be in readiness for a call.

Washed From a Watery Tomb.
BAD AXE, Mich., June 13.—The badly decomposed remains of a man have been found in Wild Fowl bay, near Bay Port. The fleshy portion of the face and scalp were entirely gone. The clothing was better than that of a pauper, and the shirt was worked "Jacob Yank." There were no valuables on the body. In a pocket was a letter written in German. The deceased was apparently 30 years old, 5 feet 4 inches high and weighed about 150 or 160 pounds.

Robbed and Shot Him.
PORT HURON, Mich., June 13.—A burglar entered Frank Wolfsteyne's house at 4 o'clock this morning. Wolfsteyne gave chase, when the burglar turned and shot him in the right arm, firing several times. Wolfsteyne is a grocer. He is badly hurt. The burglar secured his trousers and \$20. The burglar then went to John Hayes' house. He was discovered and dropped his plunder, including Wolfsteyne's property.

High Priced Fish.

Hampton, state game warden, was in the village today to prosecute Ed and Robert Ruben, young men of Algoma township, charged with violating the game laws by spearing fish in the lakes. George W. Around the State.
A fierce battle occurred at Bay City Sunday morning from 1 until 4 o'clock between property holders and the West Bay City Electric railway employees. The railway company undertook to steal in a switch on Henry street, between Florence and South Union streets. Citizens armed themselves with two lines of hose which they attached to the city hydrants, and for two hours played upon the railway men, who, on account of the flood, were obliged to retire. The street was filled to overflowing with water and the main track partly washed out.
